

KsAWWA OTC Committee

Workshop Objectives:

The objective of this workshop is to provide a discussion for newer operators in water treatment. Many topics will be discussed during the 2-day workshop. In addition, the workshop will provide information to help an operator prepare for certification and testing through KDHE.

Who Should Attend?

Water Treatment Operators

Fees & Registration

This workshop is being offered at no cost. To reserve your seat, fill out the registration form and return it with your fee or register online.

Location

This workshop will be held online, ability to use Zoom video conferencing software is required. You will need video capability to allow the moderator to see you to provide proof of attendance to KDHE. A link will be sent to the email provided.
